Schoolzone Artwork Guidelines:

Please provide us with your school artwork (logo, mascot, etc.), according to the following specifications:

Accepted Media: CD, DVD or FTP (call for access)

Resolution: The optimum resolution is 200 dpi at the final output size. This is important because any less than 200 dpi will cause your image to be pixilated or blurry. Please note that any vector art can be resized.

Colors: Please specify your school colors. Exact color matches may not always be possible due to limitations of the material.

Formats: Illustrator, PhotoShop, InDesign
.eps, .ai, .psd, .indd
.jpeg and .pdf may qualify depending on resolution and size

Art Charges

- High resolution file provided – No Charge
(Meets specifications above)
- Choose from existing artwork in Schoolzone library – No Charge
- Supply low resolution artwork - \$250
(Does not meet specifications above)
- No artwork provided - \$400
Designers must create from scratch to provide two artwork options.
